 - FINDING THE MASONRY STANDARDS
 - REDEEMING YOUR CODE
 - VIEWING THE STANDARDS

Devices covered in this tutorial:

Windows PC

iPhone or iPad

Android Device (like Samsung Galaxy)

FINDING & DOWNLOADING THE CSA READER

A screenshot of a Google search interface. The search bar contains the text "CSA ereader app". Below the search bar, a dropdown menu shows several search suggestions: "CSA ereader app - Google Search", "csa reader app", "csa group reader application", and "csa group reader app". Below the suggestions, a search result is visible with the title "CSA Reader App - CSA eLearning" highlighted with a red box. The URL "https://elearning.csa.ca/CSA_Reader/FAQ.html" is also visible. A mouse cursor is pointing at the title.

A screenshot of the CSA Reader App FAQ page. The browser address bar shows "https://elearning.csa.ca/CSA_Reader/FAQ.html". The page title is "CSA Reader App". The main heading is "Frequently Asked Questions". There are three questions listed:

- 1. What is the CSA Reader App?**

The CSA Reader App lets you access CSA Standards and Codes in an easy to read eBook format. Use the CSA Reader App to read content online or offline, search text, create notes, add highlights and bookmarks, view browsing history and more.
- 2. What is an eBook Plus?**

An eBook Plus product is an eBook that contains enriched interactive content. eBook Plus products provide further user engagement and learning with fully animated diagrams, colour visuals, videos and embedded calculators. To view CSA's full list of available eBooks (formerly ePub, Interactive Standard), visit <http://shop.csa.ca>.
- 3. Where can I get the CSA Reader App?**

The CSA Reader App is available as a FREE download for your desktop or mobile device. For those who prefer not to download the App, we also offer an Online CSA Reader. Choose the format that's right for you.

CSA Reader App for Desktop

FINDING THE STANDARDS

GO TO THE *AVAILABLE BOOKS* SECTION AND SEARCH FOR THE VERSION YOU WANT

- **CSA A82-14:** FIRED MASONRY BRICK MADE FROM CLAY OR SHALE
- **CSA A165 SERIES-14:** CONCRETE MASONRY UNITS
- **CSA A179-14:** MORTAR AND GROUT FOR UNIT MASONRY
- **CSA A370-14:** CONNECTORS FOR MASONRY
- **CSA A371-14:** MASONRY CONSTRUCTION FOR BUILDINGS

REDEEMING YOUR CODE

The screenshot shows the CSA Reader application window. The title bar reads "CSA Reader". The menu bar includes "File", "Edit", "Language", and "Help". The navigation bar has icons for "Home", "My Books", and "Available Books", along with a search input field containing "165" and a search icon. The user email "cmdc@canadamasonrycentre.com" is displayed in the top right. Below the navigation bar, a dark blue header reads "Available Books - Search results for '165'". The main content area is a table with columns "Books", "Description", and "Code". The first row shows "A165 Series-14" with the description "CSA Standards on concrete masonry units". A red-bordered orange button labeled "Redeem Code" is positioned to the right of this row, with a mouse cursor hovering over it.

This inset screenshot shows search results for "371". The first result is "A371-14EN" with the description "Masonry construction for buildings" and a download size of "0 MB". A red text overlay reads "Option not available here". Below the inset, there is an "iOS" logo and the text "Next slide for more info".

This inset screenshot shows search results for "371". The first result is "A371-14EN" with the description "Masonry construction for buildings". A red-bordered orange button labeled "Redeem Code" is positioned below the result.

REDEEMING YOUR CODE – APPLE EDITION

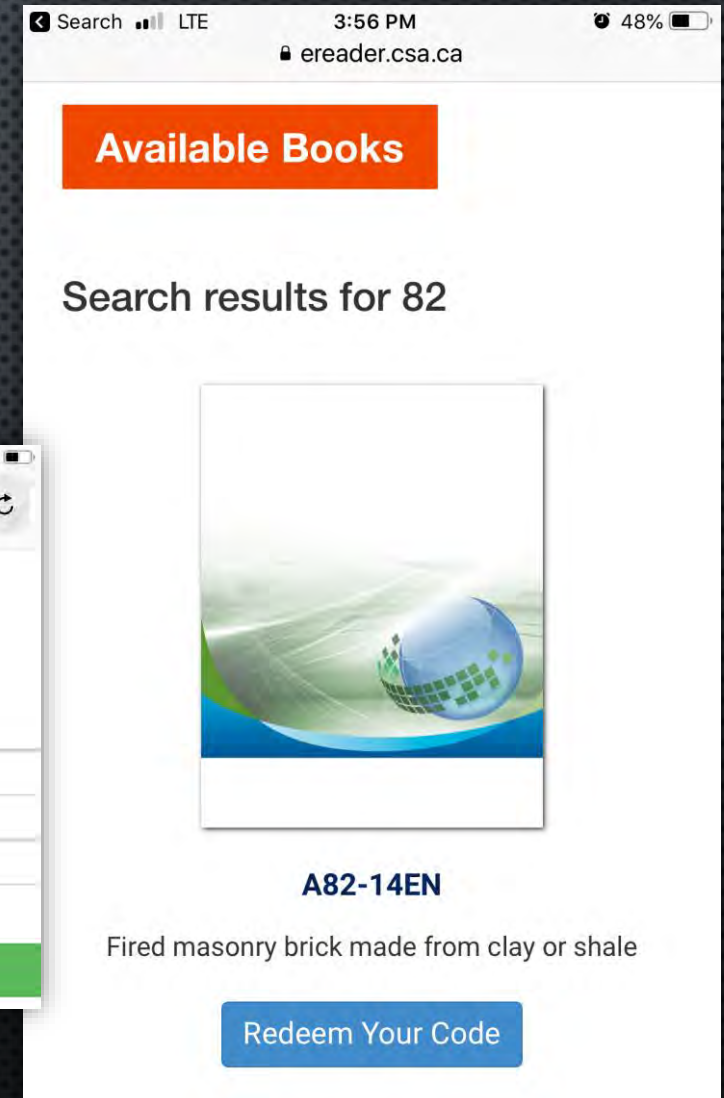

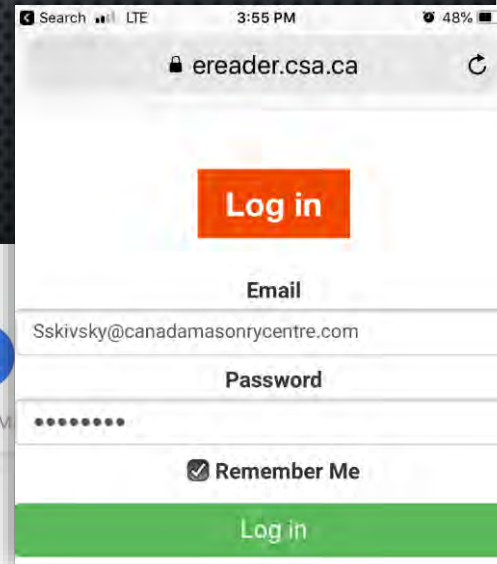

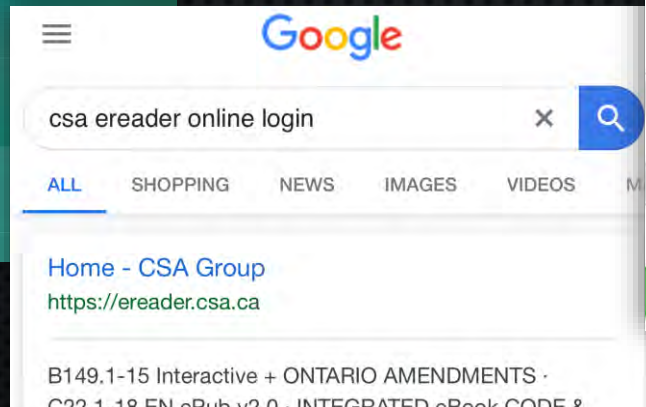

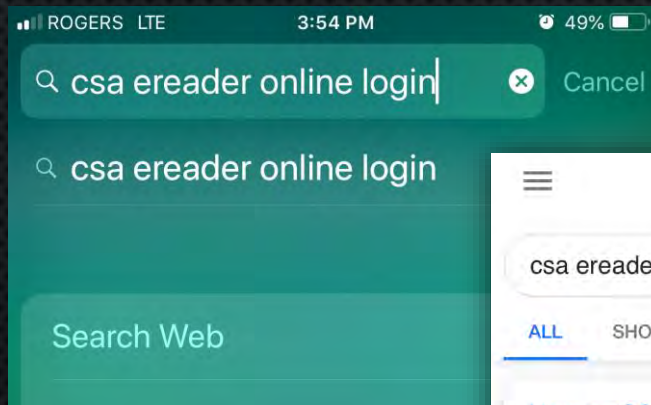

APPLE DOES NOT LIKE YOU REDEEMING CODES THAT ARE NOT ON THEIR APP STORE... EVEN IF THEY ARE FREE

- THEY GET A 30% SLICE OF ALL TRANSACTIONS SO EVEN FOR FREE CODES, THEY FORCE EVERYONE TO USE THEIR APP STORE

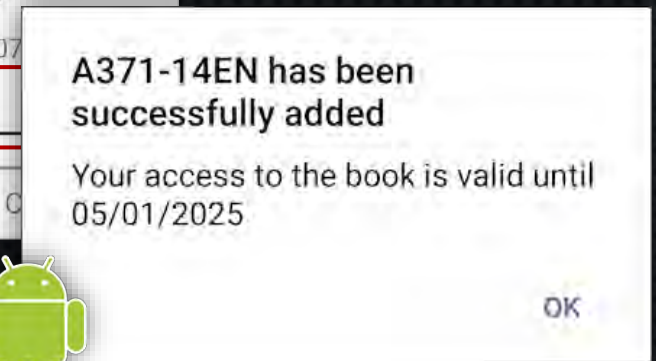

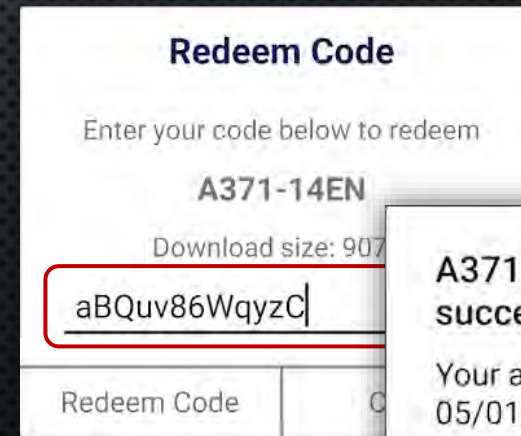

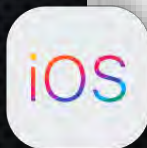

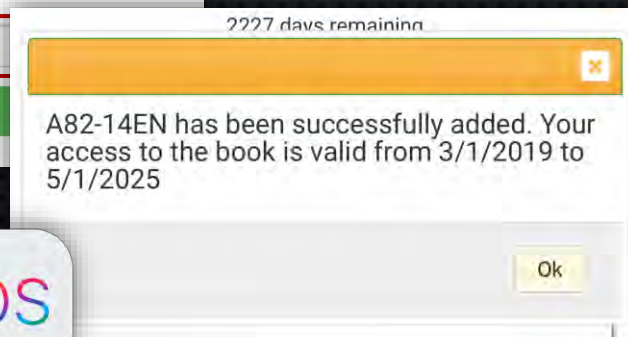

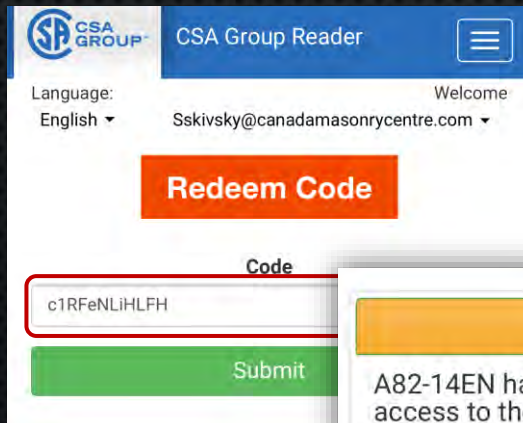

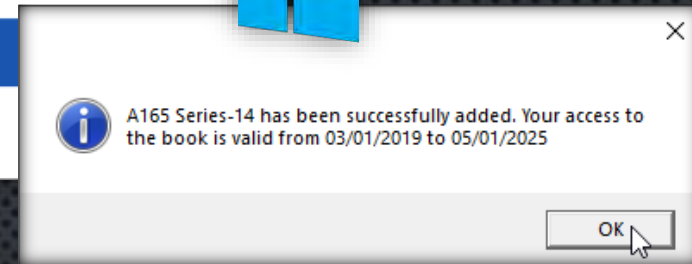

TO REDEEM A CODE, YOU NEED TO LOG ON TO YOUR ACCOUNT USING A COMPUTER OR SAFARI AND REDEEM THE CODE THERE

- THEN IT WILL APPEAR IN THE APP

REDEEMING YOUR CODE

- ON MOBILE DEVICES, IT MUST BE DOWNLOADED FIRST FOR OFFLINE VIEWING

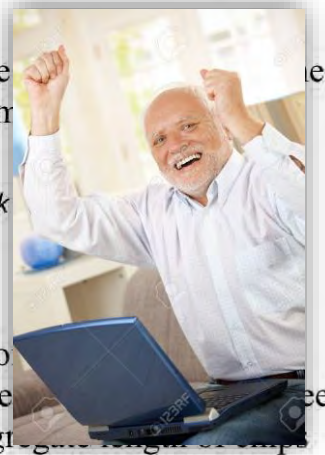

HAPPY READING!
YOU DID IT!

with the proper setting of the brick or impair the strength or performance of the masonry.

When air-curing coatings or surface treatments are applied, the curing conditions or surface treatments shall be reported in all statements of work. See Standard.

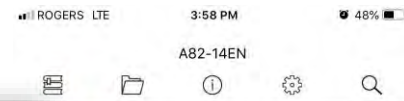

See Clause B.8.3 for commentary on bond strength between brick and mortar.

8.3 Surface defects

Apart from indentations and hairline cracks characteristic of the manufacturing method, the surfaces of brick that are intended to be exposed shall be free of chips that exceed the limits specified in Table 2. The aggregate area of chips shall not exceed 10% of the perimeter of the exposed surface of the brick.

Other than chips, the surface of brick shall be free of cracks or other imperfections when viewed from a distance of 1.5 m. A brick under an illumination of 100 lux shall be free of surface defects.

red masonry brick made from clay or shale
